

RADAR – LEADERSHIP PROGRAMME **Getting you ready to be a great leader**

Do you like taking the lead?

Want to change the world around you?

**Are you someone who can influence
what happens in UK public life?**

RADAR are running 4 events to help make this happen for you

We want to support people living with ill health, injury or disability to be leaders.

We are holding 4 leadership event days running from September to December 2010.

The events will offer you the chance to learn about all the skills and tips you need to become a great leader and influence what happens in government and society – now and in the future.

You will get the chance to

- have one-to-one life coaching
- learn new leadership skills
- get CV training and help on applying for jobs

The support doesn't just end on the day either. You will receive telephone coaching between each event date so you can keep working on your skills and stay motivated.

The events are open to anyone with an injury, ill health or a disability. You need to be someone who is an aspiring leader, enjoys a challenge and can positively influence the world they are living in.

We want to attract different people who face different challenges in life. This might be because they are from different places and backgrounds, have learning difficulties or have a mental health condition.

Successful applicants will attend **all 4** events. Don't miss this opportunity to develop your full leadership potential and realise your dreams.

Events will be held in Birmingham at:

**BVSC – The Centre for Voluntary Action
138 Digbeth
Birmingham
B5 6DR**

Tuesday	14 September 2010
Monday	18 October 2010
Wednesday	24 November 2010
Monday	13 December 2010

To get your application pack or to find out more about the events please contact:
